Tangerine Turns Out for Crimewatch

Close to 100 people came to hear Orange County Sheriff's deputies give a crime update on February 1. It was reported that the number of break-ins and auto thefts have increased substantially in the last three months.

Prevention is always the best practice, and Deputy Mary Norwood gave many examples of being smart with personal safety as well as with your possessions. Residents were urged to be pro-active

and join one of the many existing Neighborhood Watch Groups in Tangerine or start a new one if not already involved. The best deterrent to crime at

your home is a watchful neighbor.

Rick Hurlburt, Tangerine resident and 32-year law enforcement officer, gave a brief overview of his home and personal de-

fense training seminar. Having a plan of action is the number one thing that a family should think about and implement.

Lynn Bucklew has stepped down as the Watch Coordinator, and Marty Roberts has now taken over the responsibilities. Lynn did a fantastic job, and we want to thank her for all the effort and time she put into the program. We also thank Marty for stepping in and volunteering for this position.

No IRS—Federal Taxes Gone ...

What a headline that would make for the front page of your newspaper. Think it is just a dream? Think again ... it really is possible.

We Americans like things that are easy, transpar-

ent, and fair. We believe in a level playing field when doing business, especially when competing globally. We want to put Americans back to work by creating more good jobs. There is a way to jumpstart our economy.

New Landscaping Plan for Tangerine Park

Orange County's landscapers along with TIS members Sharlee Hollingsworth and Joy Wiggins, are designing a new layout for Tangerine Park to allow for better flow and usage by residents. New trees will be added along with

areas of flowering shrubs and plants to attract butterflies. Safety features include extra fencing and eliminating areas of concealment. The survey and redesign was a requirement of TIS when the park was deeded over to the County in 2008.

Calling Tangerine Walkers

Orange County has begun a new walking program on Tuesday & Thursday mornings, 10 am, at Trimble Park. Walkers meet at the pavilion located adjacent to the restrooms and boat launch - located at the 1st entrance to the park.

Meet Molly—Tangerine Therapy Dog in Training

Molly and her handler, Kathy Sasser of the Cinnamon Inn, passed the AKC Canine Good Citizen Program in October. This was the first step in the process of becoming a Therapy Dog. They are active members of Caring Canine Therapy Dogs www.cctd.org, a non-profit organization founded in 2003. Their purpose is to share the love and joy of our canine companions — trained and tested Therapy Dogs — with others. The dogs come in all shapes and sizes, pure breed and

mixed breeds. As Caring Canines Therapy Dogs, Inc. they visit area nursing

homes, hospitals, libraries and schools in Lake County. Kathy and Molly also volunteer with Cornerstone Hospice and visit patients that request an animal. Sadly many hospice patients are no longer able to care for their own pets and must give them up. Molly is learning to "gently" put her feet on the side of the patient's bed so that they can pet her. "Gently" is difficult for a 2 ½ year old lab-hound mix, but she tries really hard!
